

Package: EduTestItemAnalysis (via r-universe)

February 20, 2025

Title Tools to support psychometric analyses at ``CERMAT''

Version 0.1.6

Description The package provides various tools and utilities to aid with analytic needs at CZVV. The package contains a SIA module that enables loading public data into the main SIA app and conducting advanced IRT modeling.

License GPL (>= 3)

URL <https://www.ShinyItemAnalysis.org>

BugReports <https://github.com/AplStat/EduTestItemAnalysis/issues>

Depends R (>= 2.10)

Imports data.table, dplyr, forcats, ggplot2, magrittr, mirt, plotly, purrr, readxl, scales, shiny, ShinyItemAnalysis (>= 1.5.0), stringr (>= 1.5.0), tibble, tidyr

Config/ShinyItemAnalysis/module true

Encoding UTF-8

Roxygen list(markdown = TRUE)

RoxygenNote 7.3.2

NeedsCompilation no
